

Applicators Liquid Metal

High Performance Cooling Solutions

The low viscosity of liquid metal poses a challenge for precise application. With the Thermal Grizzly Applicators, liquid metal thermal paste can be applied efficiently without contaminating the liquid metal with material residues, as is the case when using standard cotton buds. The Thermal Grizzly Applicators are special, lint-free industrial applicators whose black coloring offers the practical side effect that residues of the liquid metal paste are clearly visible.

This product offers you three black Thermal Grizzly Applicators designed to facilitate the application and even distribution of liquid metal thermal paste.

Technical data

Unit:Value/description:Material:Cotton, Paper

Colour: Black

Typical application: Tools for distributing

liquid metal 12x7x0,5 cm

Package size: 12x7x0,5 *Gross weight: 3 g

*Net weight: 2 g Item number: TG-AL-3-50 EAN-Code: 4260711990083 PU: 50 Pcs.

*Net weight is the total weight of an article excluding the weight of packaging and accessories. The gross weight refers to the total weight of the product including accessories and packaging. Slight weight deviations are possible due to production factors.

Short informations

AbsorbentSoft and gentle

Scope of delivery

3x Applicators
